

## Option II Major Requirements (33 hours, 18 hours must be 300/400 level)

### Health, Humanities and Society Concentration

---

#### 1. Math and Physical and Natural Sciences (9 hours total, 3 of those hours must be 300 level or higher)

SUBJECT	COURSE	CREDIT HOUR	SEMESTER	GRADE

#### 2. Social and Behavioral Sciences (9 hours total, 6 of those hours must be 300 level or higher)

SUBJECT	COURSE	CREDIT HOUR	SEMESTER	GRADE

#### 3. Humanities and Fine Arts (9 hours total, 6 of those hours must be 300 level or higher)

SUBJECT	COURSE	CREDIT HOUR	SEMESTER	GRADE

#### 4. Electives (6 hours total, 3 of those hours must be 300 level or higher)

SUBJECT	COURSE	CREDIT HOUR	SEMESTER	GRADE

## Approved Courses and/or Departments

The following are accepted departments and course suggestions. Students must consult the BA/MD advisors for approval of courses not listed below. Keep in mind the following course suggestions may not be offered every fall and spring semester. It is your responsibility to meet with your advisor so you can plan accordingly.

**Please note that not all classes below are 300/400 level. Be sure to discuss selected courses with your advisor to confirm that they fulfill outstanding degree requirements. Any courses that are 100/200 level or 1000/2000 level are lower division and do not satisfy 300 level or higher requirements. Some subjects also fall into more than one discipline area, and you should confirm with your advisor that the specific course you choose fulfills the discipline area in which you have outstanding requirements.**

#### Area 1: Math and Physical and Natural Sciences (9 hours total, 3 of those hours must be 300 level or higher)

- Anthropology
  - ANTH 1170, 1170L: Human Life/Computer Laboratory in Human Evolutionary Ecology (lab recommended but not required)
  - ANTH 2190C: Forensic Anthropology

- ANTH 350: Human Genetics and Genomics
- Biochemistry
  - BIOC 463: Biochemistry of Disease I
  - BIOC 464: Biochemistry of Disease II
- Biology
  - BIOL 2210, 2225: Human Anatomy and Physiology I and II
  - BIOL 351 and 352L: General Microbiology and Laboratory
  - BIOL 412: Developmental Biology
  - BIOL 425: Molecular Genetics
  - BIOL 429: Molecular Cell Biology I
  - BIOL 435: Animal Physiology
  - BIOL 445: Biology of Toxins
  - BIOL 446: Laboratory Methods in Molecular Biology
  - BIOL 447: Pharmacology: Mechanisms of Drug Reaction
  - BIOL 450: General Virology
  - BIOL 451: Microbial Ecology
  - BIOL 456: Immunology
  - BIOL 482L: Parasitology
  - BIOL 490: The Biology of Infectious Organisms
  - BIOL 492: Introductory Mathematical Biology
  - BIOL 497: Principles of Gene Expression
- Chemistry
  - CHEM 315: Introductory Physical Chemistry
  - CHEM 421: Biological Chemistry/Chemical Biology II
- Earth and Planetary Sciences
- Environmental Science
- Geography
- Mathematics
  - MATH 1440: Applications of Calculus II
- Physics and Astrophysics
- Statistics

**Area 2: Social and Behavioral Sciences (9 hours total, 6 of those hours must be 300 level or higher)**

- Anthropology
  - ANTH 310: Language and Culture
  - ANTH 330: Principles of Cultural Anthropology
- Economics
  - ECON 335: Health Economics
  - ECON 410: Topics in Health Economics
- Geography
- Communication and Journalism
  - CJ 318: Language, Thoughts, and Behavior
  - CJ 450: Health Communication
- Linguistics
  - LING 334: Language and Gender
  - LING 367: Psychology of Language
- Political Science
  - POLS 376: Health Policy and Politics
  - POLS 377: Population Policy and Politics
- Psychology
  - PSYC 332: Abnormal Behavior

- PSYC 342: Evolution and Human Behavior
  - PSYC 347: Drugs and Behavior
- Signed Language Interpreting
  - SIGN 352: Language Culture in the Deaf Community I
  - SIGN 355: Deaf History and Literature
- Sociology
  - SOCI 340: Sociology of Medical Practice
  - SOCI 346: Health and Social Inequalities I
- Women, Gender, and Sexuality Studies
  - WGSS 304: Feminist Theories: Identity, Knowledge, and Power
  - WGSS 325: Race, Class, and Feminism

**Area 3: Humanities and Fine Arts (9 hours total, 6 of those hours must be 300 level or higher)**

- Africana Studies
  - AFST 307: African Diaspora in the Southwest
- American Studies
  - AMST 330: Topics in Feminist, Queer, and Transgender Studies
- Chicana and Chicano Studies
  - CCS 310: Immigration and Assimilation
  - CCS 342: Race, Culture, Gender, Class in New Mexico History
  - CCS 364: Raza Genders and Sexualities
- English
  - ENGL 364: Topics in Native American Literature and Culture
  - ENGL 413: Scientific, Environmental, and Medical Writing
- Foreign Languages and Literatures
  - Arabic, Chinese, Classical Studies, Comparative Literature and Cultural Studies, French, German, Greek, Italian, Japanese, Latin, Modern Russian, Swahili
- History
  - HIST 300: Studies in History
- Latin American Studies
  - LTAM 400: Topics in Latin American Studies (Curanderismo Part I)
- Native American Studies
  - NATV 423: Self Determination and Indigenous Human Rights
  - NATV 450: Topics in Native American Studies (Race and Inequality)
- Philosophy
  - PHIL 2140: Professional Ethics
- Religious Studies
  - RELG 447: Seminar in Religious Studies (Comparative Religious Ethics)
- Spanish
  - SPAN 301: Topics in Hispanic Culture in Language (Medical Spanish)
  - SPAN 305: Medical Spanish and Public Health

**Area 4: Electives (6 hours total):**

- Select two courses for this requirement.
- Elective courses may both need to be upper division (300 level or higher) courses to help meet the College of Arts and Sciences graduation requirement of 48 total upper division hours.
- Select from courses from the College of Arts and Sciences.
- **Course Limitations:**

- No credit is given for courses which are by nature remedial, tutorial, skills or preparatory. Examples include any course number 100, and such courses as Psych 109, Libr 110, 120, 160, 220, Women Studies 181, 182.
- Only 4 hours of practicum or activity courses such as PE and dance or ensemble music.
- Courses in ensemble music or dance: up to 4 hours, separately or in combination.
- Declared dance minors may exceed the 4-hour limit in dance only to the extent required by the Theatre and Dance Department.
- USP courses that are approved for credit by the College of Arts and Sciences: up to 4 hours.
- No credit is given for any courses that are primarily technical or vocational, such as courses in Radiography, Business Technology Programs, etc.
- No credit is given for most courses oriented toward professional practice, such as those taught by Nursing, Pharmacy, Elementary Education, Health Promotion, Health Education, Physical Education and Leisure Programs, or any courses with a "T" suffix.
- Courses in methods of high school teaching, provided these courses are required for certification in a single or composite field: up to 12 hours. Secondary Education minors may exceed the 12-hour limit to the extent required for this minor.
- 24 hours of Family Studies courses for Psychology, Criminology, and Sociology majors with a minor in Human Services.
- For courses taken in a law or medical school: Students may enroll in these courses in pursuit of their own interests but should not expect degree credit for them.
